

Please Forgive Me

October 17, 2015

V1

For so long, I
Denied Your existence
A slave to my sinful desires
I rebelled and resisted

I stood by, as if
You were my enemy
I watched as the thorns cut in
I was part of the mockery

Pre-Ch:

God, Oh God
I cry out to You

Chorus:

Please forgive me
I have sinned
Gone astray

Please forgive me
I need Your mercy
I been doin' things my own way

V2

As You hung, heaven
Turned its face away
Yet You still locked eyes with mine
For the price was finally paid

Pre-Ch:

God, oh God ~sustained
I cry out to You

Chorus:

Bridge:

So I drop to my knees
The cross set me free
My soul is redeemed
Christ is my peace

So I shout out my praise
By grace I am saved
My sin's washed away~Different
My life is Yours always~Different

Chorus: 2X:

1: quieter 2: louder; cut short at 'mercy' which goes up...

Final Chorus:

You've forgiven me
Heaven opened its doors

You've forgiven me
Worthy is the Lord
You've forgiven me
You've forgiven me, yeah
