

V1 Little girl, couldn't imagine how I'd feel.
Gazing into your eyes seemed so surreal.
Little boy, once your heart beat inside of me.
Next I was holding you, hearing you breathe.

V2 Little girl, diapers seemed to never end.
Overnight you matured into my friend.
Little boy, you wanted tucking into bed.
Suddenly you towered over my head.

Chorus: Where did my babies go?
What happened to all the years?
In a blink, you were grown.
Time just disappeared.
Where did my babies go?

V3 Little girl, picture perfect on your wedding day.
I cried as daddy gave your hand away.
Little boy, how quickly college packing came.
I was so proud of the young man you became.

Chorus:

Bridge: The Lord kindly lent you to me.
I've been forever changed by loving you.
You were never mine to keep.
So I'll let go and let God work in you.
Do what He's called you to do.

Final Chorus: Where did my babies go?
(Changed) What happened to all the years?
In a blink, you left home.
Time just disappeared.
Spread His love now, far and near.
Go, babies, go from here.
